SMBNEP KEY PROJECTS 17 18 tf ey.docx

Hi Tom,

Thanks for taking the time to pull this together. Very helpful and provides the info I need for now. I have a few questions and suggestions that I've included in the document. I also want to add that in terms of 320 funds allocated for each project, it's fine characterize them as "Estimated."

As we discussed on the phone, please consider this a working document and that we should aim to include more metrics in your FY 19 workplan tables for:

- outputs: deliverables, tasks that are quantified where possible and
- outcomes: environmental results such as pollutant load reduction, acres restored etc...
- funding

Best,

Erica

Erica,

I hope this hits the target for your conversation with Sam tomorrow.

If there are any questions please let me know. Be advised I am in meetings from 9:00 to 12:30 tomorrow with a limited opportunity to speak during that time.

Again thanks!
